

Lakes Entrance Primary School

Health Promotion Charter.

Lakes Entrance Primary School strives to create an environment that assists all participants to experience physical, mental, emotional and social wellbeing. We recognise the importance of a whole- service approach to health and wellbeing.

To become a health promoting service, we are committed to working together to:

- Provide an environment that facilitates and encourages healthy lifestyle choices, and that compliments health messages taught in the educational program
- Ensure fairness and equality is promoted and modelled, as well as our school values of persistence, mutual respect, success and belonging
- Encourage educators, staff and families to be positive role models for healthy life choices
- Provide learning opportunities and experiences within classroom programs to enable children to gain knowledge and skills and take action to enhance health and wellbeing
- Build partnerships with local health professionals, services and the wider community to enhance health promotion
- Link students and their families to support services to meet their health and wellbeing needs
- Seek continuous improvement through ongoing reflection, monitoring and evaluation
- Develop policies to create physical and social environment that promotes health and wellbeing.

Lakes Entrance Primary School is committed to ensuring this charter is reflected in the day-to-day practice of the school.

We believe that creating a healthy service will improve health and wellbeing outcomes for all participants of our service and will impact positively on the learning and development of our students.

We believe at Lakes Entrance Primary School;

All Children Can and Will Achieve

Persistence

Mutual Respect

Belonging

Success
